INTERIOR LED LIGHT

Inverter System | The CHI Q super-efficient inverter system is quieter than traditional compressors, and also keeps your food fresher for longer, which saves on energy consumption.

Frost Free | The CHI Q Frost Free feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

LED Display with Control | The LED digital temperature display and electronic controls ensures the optimum control of the fridge and allows for seamless setting adjustments for different modes.

Fast Freeze | Fast Freeze mode quickly seals the freshness of stored items.

Humidity Control Crisper | You can adjust the integrated humidity control slider to low setting which allows fruit to stay fresh for longer or you can adjust the setting to high which helps leafy vegetables to stay crisp for longer.

Reversible Door | This item comes as Right Hand Door opening. The design allows you to change to Left Hand opening if that best suits your needs. The installation kit to change the door is included.

Interior LED Light | LED lights are energy efficient and reduce heat output and provide lighting for a better internal view of your contents.

REFRIGERATOR COMPARTMENT

Net Capacity (L) 396(R:281 F:115)

Refrigerant Type R600a
